

Little Learners

Little Learners is an informal session where parents, carers, babies and children aged 0 to 5 come together in a relaxed and friendly environment.

Little Learners gives children an opportunity to:

- have fun
- make new friends
- develop new skills through informal play
- do activities that may be too messy or too hard to set up at home

Little Learners allows parents and carers to:

- meet other parents and carers
- make friends
- share ideas and experiences
- spend quality time with their children
- encourage, help or simply play with their children
- take a break from the usual routine

We believe children's experiences in the early years of their life are critical to their ongoing development. At *Little Learners* all activities and excursions promote early literacy, numeracy and school readiness. We also focus on the needs of the community, make connections and form partnerships with other groups, services and agencies in the area.
