### Arrival at School

While all teachers are in attendance earlier, supervision of the school does not commence until 8.30 am. This means that students who arrive before 8.30 am are not supervised in any way and are therefore at risk. Parents are asked to ensure that as far as possible, students do not arrive before this time, as the school cannot guarantee their supervision.

### Departure from school

At the end of the day students are expected to leave the school grounds promptly. Only students who are being supervised by the parents or other nominated contacts may remain at the school.

## **Attendance and Punctuality**

We take seriously the responsibility of checking the whereabouts of students who are late or who are away for no apparent reason. It is important that students are here on time and ready to learn by 8.45 am.

If your child is sick please inform the school office so that we can inform his/her teacher and record the appropriate data for your child's attendance. It is a legal requirement that your child is at school. There is much research to show those students who attend school on a consistent and regular basis experience a higher level of success and greater life outcomes.
